EMPYREAN SKY

Empyrean Sky is a European inspired group (sofa, loveseat, chair) with soft, clean lines that present a more casual silhouette. This frame has generous curves with a serpentine front that gives great style, but in a casual way. The combination of fabrics is presented with a textural "French laundry" inspired stripe in an ebony and cream combination. This style has great detail to accentuate the curves on the frame including the nailband which is highlighted with spaced nails. Accenting back to the fabrics is the Vintage Melange finish which provides a rich, timeless ebony palette. The French exposed wood wing chair has great character that is a perfect accent to any silhouette. Its batik inspired print creates a handblock application from the past. This combination of slate blues, soft golds and black creates an authentic palette that is a great accent back with an assortment of colors. EPICENTERS SILVER LAKE

Thanks to LA's urban sprawl, Silver Lake has found itself home to artists, musicians, and filmmakers, making it nationally synonymous with a cool, urban Bohemian lifestyle. Sometimes referred to as "The Williamsburg of the West", the Silver Lake style is Mid-Century Modern through a sunny So-Cal filter. Its hip and colorful bars, clubs and restaurants are complemented by a unique architectural heritage, with the works of notable post-WWII "modernist" pioneers sprinkled throughout the hillsides.

EPICENTERS WILLIAMSBURG

What SoHo was to art and design in the 80's, Williamsburg is to the artists, musicians and designers of the new millennium. A mecca for indie music, art and fashion, Williamsburg is Brooklyn's warehouse-turned-loft neighborhood, fiercely eclectic and brimming with vintage authenticity. Amid the sea of skinny jeans and hipster enclaves, "reclaimed" and "repurposed" best exemplify the tenets of Williamsburg style, where "one of a kind" always trumps the latest "hyped for the masses" flavor-of-the-month.

FIRENZE

The Firenze Collection exhibits beautiful flowing lines, deep moldings, intricate marquetry and veneer patterns. Throughout the collection you will see combinations of alder and knotty oak used primarily in herringbone patterns. The subtle color and texture difference of the two woods creates an extra dimension of interest. To perpetuate the rustic feel, we have created custom hardware finished in a dark iron color with interesting texture. The selection of pieces is such that you can create a mix of wood and paint finishes as well as using items with metal bases, leather and fabric. Firenze is a wonderfully evocative collection of furniture that captures the relaxed spirit of today's consumer while keeping the exuberance of the Tuscan style.

LA VIERA

The La Viera Collection presents classically designed and richly crafted pieces. Inspired by the bold furniture design styles of 17th and 18th century European antiques, these pieces are masterfully made to give your home a sense of refined rustic appeal. The La Viera Collection is made especially to spice up today's relaxed modern interiors with a sophisticated taste of old world style. This collection's furniture features classical European architectural forms, heavy moulded pilasters, large Balustrade turnings and metal grill and custom forged iron work that is still used on today's Italian countryside villas. The casual and relaxed appearance of each item has uniquely crafted details, mouldings and inlays that accent and highlight each elegant shape found throughout the collection.

OLD WORLD

The traditional design of Old World is inspired primarily by classic European styles of antiquity. Clearly influenced by the later Renaissance period, which featured enrichment of ornament and outline, Old World reflects the elaborate details of the French and English translation of this significant architectural movement. As Roman design standards like columns and pilasters were applied to furniture, a full complement of bases, cornices and pediments emerged, transforming cabinets, dressers and other case pieces into scaled-down architectural compositions.

VENTURA

Ventura has a transitional design, "organic, honest and hip," with a rustic contemporary personality and west coast flair. Throughout Ventura, you will see a repetition of the square motif. Used in conjunction with stepped frames on cases, beds and chair backs, the square actually draws your eyes into the piece, giving a feeling of depth. Features include a creative mix of wire brushed White Oak, Travertine, Linen, Woven Cane, Nail Heads and Aged Iron. Floating tops, geometric forms, changing planes and stepped frames give Ventura personality and visual appeal.
